## ***Making a difference?***

As you may recall from last month's newsletter, I said, "Our new year's resolution is to have a positive impact on the retention of existing rights and the recovery of those that have already gone by the wayside." In order to expand the reach of our efforts, I am bringing my focus on supporting the 2<sup>nd</sup> Amendment to the Hillsborough County Republican Executive Committee (REC), where the Chairman will announce me as the Chair of the REC's 2<sup>nd</sup> Amendment subcommittee at the February meeting. I'm also a member of the New Tampa Republican Club, and both organizations have pushed out Im4Rights' calls-to-action to their members.

The calls-to-action have been with respect to establishing Constitutional Carry in Florida. As mentioned above these efforts in concert with those of gun rights groups seem to be having a positive effect on this important legislation. With about a month left in this year's legislative session, this will come down to the wire. We may fall short, but it won't be for lack of effort. Stay tuned to Im4Rights for updates.

## ***Vehicle Emergency/First Aid Kit...***

In this article, I'm going to show you the kit that sits within arm's reach behind the passenger seat in my car. I believe it is one of the most important things that should always be in your car. Remember, this kit is based on what I think I might need and based on where I live, it does not take into account cold weather. This kit is in addition to other items I keep in my trunk which includes things like a fire extinguisher, breaker bar with socket that fits my lug nuts, crowbar, bolt-cutters, sweatshirt, ball cap, and window screen to keep the bugs out in a breakdown or sleepover situation. Anyone in Florida can tell you about the bugs! So, without further ado, here is the kit I put together.

Voyager 15 in Tool Bag (Harbor Freight)

This bag holds it all.

## Tool Bag Contents:

- Solar powered flashlight with glass breaker and seatbelt cutter
- Spare magazine for EDC pistol
- Trench knife
- Hand sanitizer
- Pepper spray
- 2 cans water
- 3-day S.O.S. Emergency Food Ration
- Minimal 1-2 person basic first aid kit (red)
- Trauma first aid kit (camo)

## Minimal First Aid Kit Contents:

## Trauma Kit Bag:

You can find these mini-backpacks/sling-bags all over the place for about 20 bucks. These bags are usually bigger than the IFAK/first aid kit bags that are commonly available. I find that I need the extra space. I like to keep the trauma gear in one bag so I can easily extract it from the tool kit bag if I come upon an accident.
